

2016
Celebrating Our
15TH
Year Anniversary

CANADIAN NATIONAL SELECT SALE

WELCOME

TO THE 15TH ANNUAL CANADIAN
NATIONAL ALPACA SELECT SALE

In the previous fourteen years the sale has sold \$2,077,800 worth of alpacas, the success is a direct result of the hard work of the many volunteers and participants.

Today's industry has a strong focus on quality, the alpacas offered in the 2016 CNASF sale are from some of the best breeding programs and genetics that are available. We believe we have an excellent group of sale alpacas again this year.

The alpacas in this sale will be Veterinary inspected the day before the sale. For new breeders, telephone bidders, and Internet bidders we offer independent assessments of alpacas by certified alpaca judges. The consignors of the alpacas in the sale stand behind their alpacas with full reproductive guarantees. The Sale Committee will help with export requirements, transportation, and any board requirements for alpacas purchased in the sale. If you anticipate requiring our help please contact us prior to the sale. Our goal is happy repeat buyers.

The Canadian National Alpaca Select Sale is part of an exciting alpaca weekend. Friday is our educational day with seminars for both experienced breeders and those new to the industry. Saturday is the start of the \$30,000 plus futurity with an expected 150 entries. With farm and vendor booths, social activities, "best hand" and after class "hands on" the Canadian National Alpaca Sale and Futurity has something for every Alpaca enthusiast.

For those breeders interested in telephone or internet bidding please contact Kevin at 780 918 0375 or info@cنالpaca.com prior to April 7, 2016

Thank You,

Sales Committee

INTRODUCING

THE 2016 CNASF JUDGE
PETER KENNEDY

Peter and his partner established Canchones Alpacas in 1998. Starting on ten acres with two females, the herd has grown to some 350 black alpacas (250 huacaya and 100 suri). In 2003, the alpaca stud was relocated to a 400 acre property in North East Victoria, Australia.

In 2004, Peter spent three months in Peru selecting black alpacas to be added to the Canchones breeding program. In all thirty huacaya and five suri, were selected by Peter and imported into Australia.

Peter has been a full time alpaca breeder for the last five years. He manages the breeding program of the Canchones herd, on a daily basis, using the latest techniques including ET (Embryo Transfer) and the SRS system.

Peter successfully attended the International Alpaca Judging School (IAJS) in the Peruvian altiplano in 2004. He has also been certified as both an AOBA (Alpaca Owners and Breeders Association) and AAA (Australian Alpaca Association) judge. Since qualifying as a judge in Australia and the United States, Peter has judged shows throughout Australia, Canada, New Zealand, and the USA.

In November 2001, CNASF held the first Stud Service Auction in the alpaca industry. Since then 759 stud services have been auctioned off to 169 different farms for an astronomical amount of \$882,273. These monies have been used to fund the annual CNASF Futurity with over 85% paid out in prize money. A great big THANK-YOU to all the farms who have donated stud services and participated in the bidding! This year we have 18 new studs in the lineup.

All CLAA registered or 0% - Recorded born in Canada offspring of this years Subscribed Sires, born between October 8, 2015 and April 11, 2013 are eligible to enter the 2016 Futurity and compete for a share of the prize pool. Also all cria resulting from the breeding's purchased in the November 2013 Stud Service auction and born between April 11 and Oct 8, 2015 are eligible for the futurity as juveniles even if the studs are not subscribed this year.

2016 Judge - *Peter Kennedy*

CNASF TERMS & CONDITIONS

Hereinafter, the Canadian National Alpaca Sale and Futurity sales committee will be referred to as the Sale Management.

(1) It is clearly understood that the Sale Management is acting only as an intermediary between buyer and consignor and is not responsible for any failure by either party to live up to its obligations. Sale Management assumes no responsibility, liability, obligation, duty, either singular or plural and make no warranties as to title, or quality including but not limited to health, blemishes, defects, soundness, or any other conditions of entry, and makes no other kind of warranty whatsoever. (2) Neither the Auctioneer, Sales Management, nor any agents make any representation or warranties whatsoever with respect to the sale alpacas. All representations contained herein are made by the seller only. (3) The sale and all transactions between the Buyer and the Seller will be governed by the laws of the Province of Alberta. (4) The highest bidder is to be the buyer and if any dispute arises between two or more bidders, the alpaca in dispute shall immediately be put up again for advance bids. If there is no advance, the alpaca shall go to the person whom the auctioneer recognized as having the last bid. The auctioneer's decision shall be final. The auctioneer reserves the right to reject any or all bids. Bidding will be carried out in Canadian Dollars. (5) All information listed under "Consignor notes" is supplied solely by the consignor. (6) When an alpaca is sold, the buyer shall sign the Acknowledgment of Purchase. Title passes when a buyer signs the acknowledgment at which time all risk and responsibility for the alpaca passes to the buyer. (7) All Alpacas will have been veterinary inspected prior to the sale. (8) Terms of Sale are cash and payment in full must be made to the cashier immediately after the sale. Valid personal cheques will be accepted with proper identification. (9) If any person shall purchase a lot and not pay for it as described above, the Auctioneer and/or the Seller shall have the right to resell the lot or, at their option, bring action for specific performance, in which event the buyer agrees to pay all costs of such suit and reasonable attorney's fees. In the event of resale, the defaulting Buyer agrees to pay all cost of resale plus price deficiency. (10) Every effort has been made to assure correctness of the catalogue, however the Sale Management is not responsible for errors or omissions. Any known corrections shall be announced at the sale. (11) Statements made from the Auctioneer's Box shall take precedence over any and all statements made in the catalogue. (12) Any person attending the auction does so at their own risk and no liability, duties, obligations, and/or responsibilities shall be imposed upon the Sale's Management or Auctioneer for any accident, injury, mishap, theft, damage, and/or any other harm regardless of the source of imposition. (13) The seller warrants that their alpaca is free from any encumbrances whatsoever. (14) The Sale Management reserves the right to withdraw any alpaca from the sale without liability to anyone. (15) All registration papers will be withheld by Sale Management until all cheques clear the bank. At such time they, along with the transfer fees will be sent to the appropriate registry. Seller pays all transfer fees. (16) Foreign buyers must contact Sale Management regarding quarantine and export of alpacas. (17) Canadian buyers planning to board their purchases until a later date must make prior arrangements with Sale Management. (18) Telephone bidding will be accepted during the sale. Please notify Sale Management before April 7, 2016 if you are interested in telephone bidding: Call Kevin 780-918-0375.

ANTEBELLUM BREW

OWNER FARM CONTACT | Brewster Alpacas
kbrewster@sdsconsulting.ca | 403.597.5965

ANTEBELLUM BREW is the perfect representation from breeding two exceptional alpacas. Taking the strongest qualities from both her dam and sire, Antebellum represents the complete package. When your hands enter her fleece, you will feel the ultimate in density with an unbelievable fineness. Continue into the fleece and you will experience an exceptional example of lock structure with a high frequency crimp. Last but not least, you will see the essential brightness and luster that makes **ANTEBELLUM** the complete package.

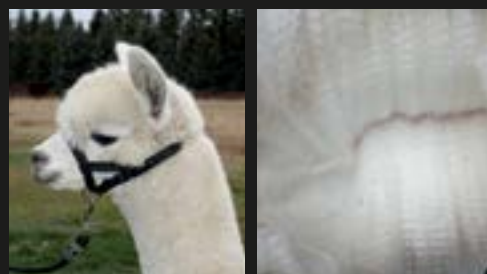

Antebellum's sire, Rum Runner, is a progeny from his sire PC Running Late. Running Late has produced excellence repeatedly and Rum Runner is a prime example. Like his sire, Rum Runner continues to rubber

stamp his offspring with extreme fineness, density, extremely fine high frequency crimp, great confirmation, and very mild temperament.

Antebellum's dam, Alpamayo's Annabelle, is yet another outstanding Alpamayo daughter. With a superb lock structure, brightness and crimp. At 10 years of age, Annabelle histogram of AFD 23.9, SD 3.6, CV 15.2, %> 30 3.1. Annabelle has passed on to **ANTEBELLEM** extreme density and and high frequency in crimp.

Antebellum's density and fleece architecture would make her ancestors proud! She brings the force of her past to the future of her progeny.

SUNNYHILL'S CONOPA'S GOLD

OWNER FARM CONTACT | Sunnyhills Alpacas ▶ www.sunnyhillalpacas.com
info@sunnyhillalpacas.com | 780.986.5392

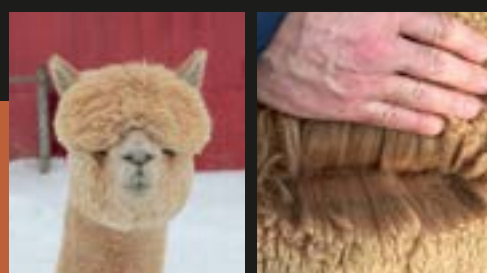

GOLD, we are thrilled with this young male, if you have been to a show in Canada in the last couple of years you would have heard of Gold, he is making quite a name for himself. His body is still growing but his fleece is amazing, dense, fine and full of consistent character. There is more to this fellow, he is identical to his sire, Snowmass Conopa XXX, including his calm gentle demeanor, yet he is dominant in his pen, so many positive attributes for any herd.

Conopa is an amazing male, we had him biopsied at 7 years old by Dr Norm Evans, this is what he wrote, his 15x scan showed very symmetrical fibre clusters that are very uniform in size. His true density was 77 follicles SQ MM of skin and 25 fibre clusters showed an average S/P of 13.7 to 1 with triad fibre clusters present which is always correlated to extreme density. 100

secondary fibres averaged 21.3 microns and 50 primary fibres average only 26.8 microns for a variation of only 5.5 microns. To sum Dr Evans said Conopa's fibre stats place him in the top 1% of huacaya males that he has tested, Conopa is a "WOW" male that is the future of the fibre industry based on his awesome density and fineness of fibre.

Don't forget his dam Sunnyhill's Goldyfawn, a Lionel x Alpamayo cross, the way we equate this is fibre quality in colour!! Goldyfawn adds brightness, fibre length and colour, Conopa adds density, fineness, curve, brightness and charisma, put this all together and you have yourself one heck of an alpaca and his name is **SUNNYHILL'S CONOPA'S GOLD**.

BYA MB'S MARSARA is a gentle well balanced female, with gorgeous soft fibre. We have not bred her as we have been too busy with other things. Marsara is another example of great breeding, Pekoe was a multi champion winner mixing with Rhapsody producing a fantastic female. This lovely female will come with full

breeding guarantees and a breeding to any male of Backyard Alpacas if would like. If you are looking for fineness that holds, Marsara is perfect for your breeding program. Her 2015 Fibre stats will be available as soon, they will be posted on our website.

KASSIDY ALYST

OWNER FARM | KJ Alpacas ▶ www.kjalpacas.com
CONTACT | info@kjalpacas.com | 403.227.1469

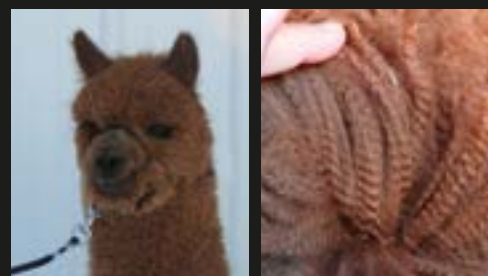

KASSIDY is a beautiful young female. Kassidy was born with lots of curls and ever so cute. Kassidy has a solid frame and has grown well. She has good density and a medium bold style crimp with excellent brightness. Her pedigree is filled with proven quality on both sides. Both Shear Energy and Kajun Spice were fleece Champions as well her grand sire Accoyo America Diomedes.

Kassidy is sure to be a great addition to any herd. If you have a colored breeding program, take a close look at this girl.

BIRCHLEAF'S DIAMOND CUT

OWNER FARM | Birchleaf Alpacas ▶ birchleaf@alpacanation.com
CONTACT | blalpacas@cciwireless.ca | 780.831.6801

DIAMOND CUT is an eye catching female, whose Dam is a nonfading true black female Sired by BB King of the Hill, who now resides in Germany. Her fleece has a soft handle as indicated by her low CV, she is very dense with a brilliant shine. She has a solid upright frame, straight back with an elegant appearance. We purchased her Dam Alussa at the CNASF West as a yearling, what intrigued us was her non fading solid black, fine, dense fleece and her beautiful phenotype. Her genetics have proven to be some of the best in Canada and we figured that MFI/TNT Peruvian Foundation would be a great match for Alussa and we are extremely pleased with Diamond Cut. Her lineage on her sire's side is from some of the top producing huacayas in the USA, such names as Majestic Peruvian Jeremiah (6 time Herdsire of the year), MFI Peruvian Jericho, 5Peruvian

Inca's Ransom, Peruvian Bueno, Peruvian Don Julio, Peruvian Hemingway, 4 Peruvian Legacy, I think you get the picture. On her Dam's Side the notable greats are, her sire BB King of the Hill, Eclipse Alyst, Jolimont Peruvian Sweet William, Mr. Accoyo Sandman, Sculpter, NGG Lionel, Peruvian Bueno. You see, Diamond Cut has the blood of many greats in her family tree and is sure to pass this Championship blood into her offspring.

She will award the winning bidder many years of colored, elite, show ring winning progeny. She is our darkest colored offspring sired by MFI/TNT Peruvian Foundation. For more info visit us at birchleaf@alpacanation.com

August 18-21, 2016 – Leduc, Alberta, Canada

Alberta is undoubtedly one of the most breathtaking places on earth, as vast as it is varied in landscape and experiences. It's a vacation destination you won't soon forget, filled with unique activities, urban charms and cultural jewels.

Visit Edmonton and Calgary, vibrant centres for the arts, shopping and dining. The Rocky Mountain parks are loaded with outdoor adventures: ride horses, hike endless trails, watch for wildlife, golf signature courses, go for a paddle on a turquoise lake, rejuvenate in the steaming waters of a natural hot spring or savour locally sourced gourmet fare. Explore the moonscape of the Canadian Badlands, or visit the greatest dinosaur bones discovery at Grande Prairie, or visit a UNESCO World Heritage Site. Experience western culture on a working ranch, venture north into a land of churning whitewater, backcountry lodges and trophy fishing. In every corner of this beautiful place, authentic adventures await.

Leduc is itself a historic place: February 13, 1947 oil was first discovered at Leduc No. 1. This discovery was the beginning of a massive economic revolution for Leduc and Alberta.

This coming August is your opportunity to make your own "historical discovery" during the 2016 World Alpaca Conference. Join us in one of the most captivating places on earth - Alberta.

HIGH PLAINS TORRAFINA

OWNER FARM | High Plains Alpacas Ltd. ▶ www.highplainsalpacas.com
CONTACT | info@highplainsalpacas.com | 306.280.7950

We are pleased to bring our very best to the 2016 Select sale ... an exclusive Champion Line Tornado daughter...**HIGH PLAINS TORRAFINA!**

Torrafina's Sire: Hurricane's Tornado...is the Highly successful Cdn. record holding 8-Time Supreme Champion! (16.9 micron at age 4, 69.5 curve) Torrafina is the full sister to 2 Time Supreme Champion "High Plains Icebreaker" (Tornado's son) who is sold to Europe. "Icebreaker" has a 14.2 micron (75.6C) and won the "blind-folded" finest handle award at the 2015 CNASF Futurity ("Tornado" also won the finest blind-folded Best handle award 2010) Icebreaker also won the Champion white alpaca CNASF 2015.

Torrafina is following her Supreme Champion brother with an impressive histogram, Torrafina: 13.4 m 3.0 22.6 0.5 SF 13.2 Curve 83.4 (our new record High Curve)

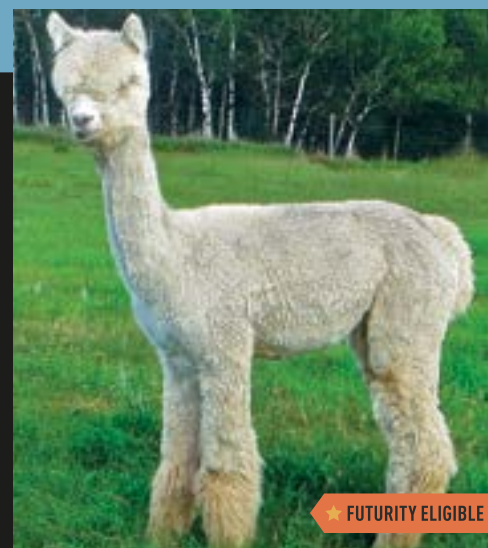

Torrafina's Champion brother "Tornado's Triumph" (Now breeding in Europe) registered our finest fleece to date at 12.5 m 2.5 SD 19.9 CV 0.1 SF 12.0 with a 78.6 curve. Torrafina's sister "High Plains Imagine" Won

the Supreme Championship and the 2015 CNASF Sires Cup for her sire " Hurricane's Tornado". Tornado has surpassed our wildest expectations by continually creating Tornado replicas! Winning the Supreme Championships / Get of Sires since we began showing them. Torrafina's dam: Marisha is herself a 15 micron Championship female from the Successful Supreme Champion Natasha line! Natasha's Tornado daughter "High Plains Miracle" was the 2015 Champion white female, Keystone Classic

We are able to release Torrafina as we have her full sister "High Plains Forever & Ever" (a replica of Torrafina) Our Top 2015 Tornado daughter.

Torrafina's pedigree runs deep with Multiple Supreme Champions from all angles, The Wow crimp, Extreme fineness, Super handling fleece, with length, density, uniformity matched with her solid conformation and the Champion Pedigree of Dreams, makes her a perfect addition for any herd.

High Plains Torrafina will...twist and spin your breeding program far into the Future!

TnC NIRVANA

OWNER FARM | TnC Farms ▶ www.facebook.com/TncFarms
CONTACT | trudymcall@gmail.com | Cathy: 306.825.6265 or Trudy 306.825.7219

We have been breeding alpacas since 1996 and it has been a long time coming, but we have achieved "NIRVANA". This exceptional male is our offering to the 15th CNASF, and we couldn't be more proud of our achievement as breeders.

Nirvana displays precise proportions on a boxy frame, a great head and top knot and a nice set of testes. As any breeder can attest, it is not easy to pile all of those qualities into one package, but there are no "if only's" with this guy. He has it all when it comes to correct conformation.

Nirvana's fleece boasts the finest histogram for any fleece produced in the history of our farm. At one year of age, he has an average fibre diameter of 13.7µ with a remarkably low SD(2.3µ) and CV(16.5%), 0.2%>30µ. The corresponding handle of this fleece inspires adjectives such as heavenly, wow, luscious, sooooo soft and mmmm..... Combine the fineness and hand with a very evenly crimped fleece and excellent density. His shear weight as a cria was 4.6 pounds. Especially when you consider the fineness, that is a pile of fleece packed on that frame!

Nirvana's dam is our own TnC Whoa Nelly Furtado, multiple Supreme Champion. Nelly maintains her exceptional fleece characteristics with age including fineness, uniformity of fineness, crimp and density. She is also the dam of TnC Genesis Next Generation, a multiple Supreme Champion himself.

Nirvana's sire is Tiger Park Nixon. Nixon is an Ice Man son. Ice Man had a huge impact on every female he bred, doing exceptional work advancing high quality fleeces in coloured alpacas and Nixon is carrying on that work producing many show winners right from the start of his breeding career. We were so pleased with Nirvana, that Nelly has been bred back to Nixon for a 2016 cria. TnC Farms is proud to present the alpaca breeders of today an opportunity to purchase the culmination of a long established breeding program to advance your herd and achieve your own state of Nirvana.

BUTTONS TAYLOR BREEZE OF LBA

OWNER FARM | Lake Breeze Alpacas
CONTACT | torco@telus.net | 306.580.8131

With great pleasure, Lake Breeze Alpacas is proud to offer **BUTTONS TAYLOR BREEZE OF LBA** in the 2016 CNASF Auction!

A 'BREEZE' to show and handle; Taylor is a beautiful solid fawn girl, with a wonderful, sweet disposition.

Taylor has excellent conformation and wonderful fleece characteristics. Her medium density, high frequency crimp fibre has fantastic lustre and a buttery soft handle! Taylor has a lovely head, like her Dam.

Sire Jiorgio Bar is a solid, well put together herdsire. Jiorgio combines dense, crimp, bright fibre with excellent conformation.

Dam Foxwood's Button is a great Mom, with a good milk supply, great conformation and dense fibre.

Buttons Taylor Breeze of LBA features impressive genetics on both sides of her pedigree: including such notables as: Lional, Alpamayo, Snowmass Legacy's Golden Boy and Super Sam.

Taylor's Sire and Dam are both multiple award winners!

Buttons Taylor Breeze of LBA placed second at the 2015 Lloydminster Alpaca Showcase and third at the 2015 Keystone Alpaca Classic in Brandon Manitoba.

Taylor is a well put together young lady with lots to offer!

OWNER FARM | Spruce Park Alpacas
CONTACT | rokell@sasktel.net | 306.272.4223

I put a lot of thought into who would represent our farm and add to others & **LUSCIA** is it!!

Because her Grand dam is by far the best producer on our farm it was a very difficult compromise.

Add to that, Luscia is eye-candy and both her dam and sire being black truly is an appealing little gal to the breeder who is striving to add to their color program.

KHALEESI BREW is a strikingly beautiful, elegant female who exudes that 'look at me' attitude. She has beautiful bone structure and fabulous finer quality which is exhibited by a fine bright fleece, abundant coverage and exceptional staple length. She is a testament to two living legends, her sire, **HUMMINGHERD'S RUM RUNNER** and her Great Grand sire **RGA MIGUEL**.

Khaleesi's sire, Rum Runner, is a progeny from his sire PC Running Late. Running Late has produced excellence repeatedly and Rum Runner is a prime example. Like his sire, Rum Runner, continues to rubber stamp his offspring, with extreme fineness, density, extremely fine high frequency

crimp, great confirmation and very mild temperament.

Khaleesi's dam, Deedee's Debutante, is the daughter of RGA Miguel. Miguel is big, broad and strong and has a macho presence. Debutante is a great representation of Miguel passing his greatness to his offspring. Debutante's fleece has a great density with a beautiful well defined crimp. At the age of five her histogram was AFD 21.2, SD 4.0, CV 18.8, %>30 2.1.

Khaleesi is your opportunity to add amazing genetics and quality to your breeding program.

BIRCHLEAF'S ZERAH

WHITE | MAIDEN

F LOT # 12

OWNER FARM | Birchleaf Alpacas | birchleaf@alpacaanation.com
CONTACT | btalpacas@cciwireless.ca | 780.831.6801

After a long wait for what was expected to be a spectacular offspring, **ZERAH** hit the ground. WOW this is one incredible little alpaca. She pulled all the elite genetics from both side of the family tree and combined them in one compact frame.

If you have been in the alpaca industry for any amount of time you know the name Majestic Peruvian Jeremiah and his accomplishments. Zerah's dam Zena won multiple awards, including 3 Supreme Championships, with her last one being at the CNASF West, beating out the boys too.

We are expecting Zerah to follow in her dam and sires foot steps and create her own legend.

Mark your calendar and watch for her in the spring CNASF Auction.

That's right we are putting in our best, and take great pride in giving another family the enjoyment of seeing how special she is.

is a domesticated camelid. It appearance. Suri alpaca. Alpaca is the level he. Peru, northern northern Chile and (11,500 ft) to 5,000 level, throughout the considerably smaller than llamas, they were not bred burden, but were bred specifically fiber. Alpaca fiber is used for and woven items, similar to wool items include blankets, sweaters, gloves, scarves, a wide variety of ponchos in South America, and sweaters, socks, coats and bedding in other parts of the world. The fiber comes in more than 52 natural colors as classified in Peru, 12 as classified in Australia and 16 as classified in the United States.

mohair, Icelandic sheep wool, or even high-quality English wool. In trade, distinctions are made between alpacas and the several styles of mohair and luster.

An adult alpaca generally is between 81 and 99 cm in height at the withers. They usually weigh between 48 and 84 kg (106 and 185 lbs).

Alpacas have been domesticated for thousands of years. The Moche people of Peru often used alpaca images in their art. There are no known wild alpacas, but their living relative, the vicuña (South America), are believed to be the ancestor of the alpaca. The vicuña is smaller than the alpaca, but has similar softness.

Alpacas are so in family groups of alpha male, females.

LOT # 14 **F BAY BLACK** | MAIDEN

BAL ROMANCE

OWNER FARM | Baloun's Alpaca Acres & Turtle Mountain Alpacas
CONTACT | abaloun@mymts.net | 204.242.3224

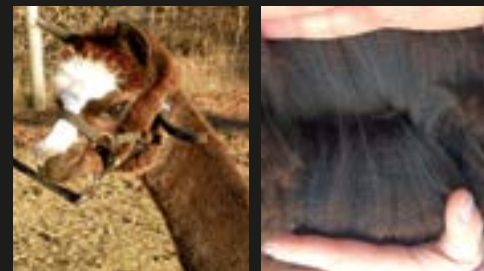

We are proud to offer **BAL ROMANCE** to the 2016 CNASF Auction. Born a bay black and turning more grey since shearing, the color possibilities are exciting. ROMANCE has a very dense, highly organized fleece with a high frequency crimp style throughout.

Romance placed second in a very competitive black class at the 2015 Keystone Classic with judge's comments being "very dense, consistent crimp along the entire staple and very good organization throughout."

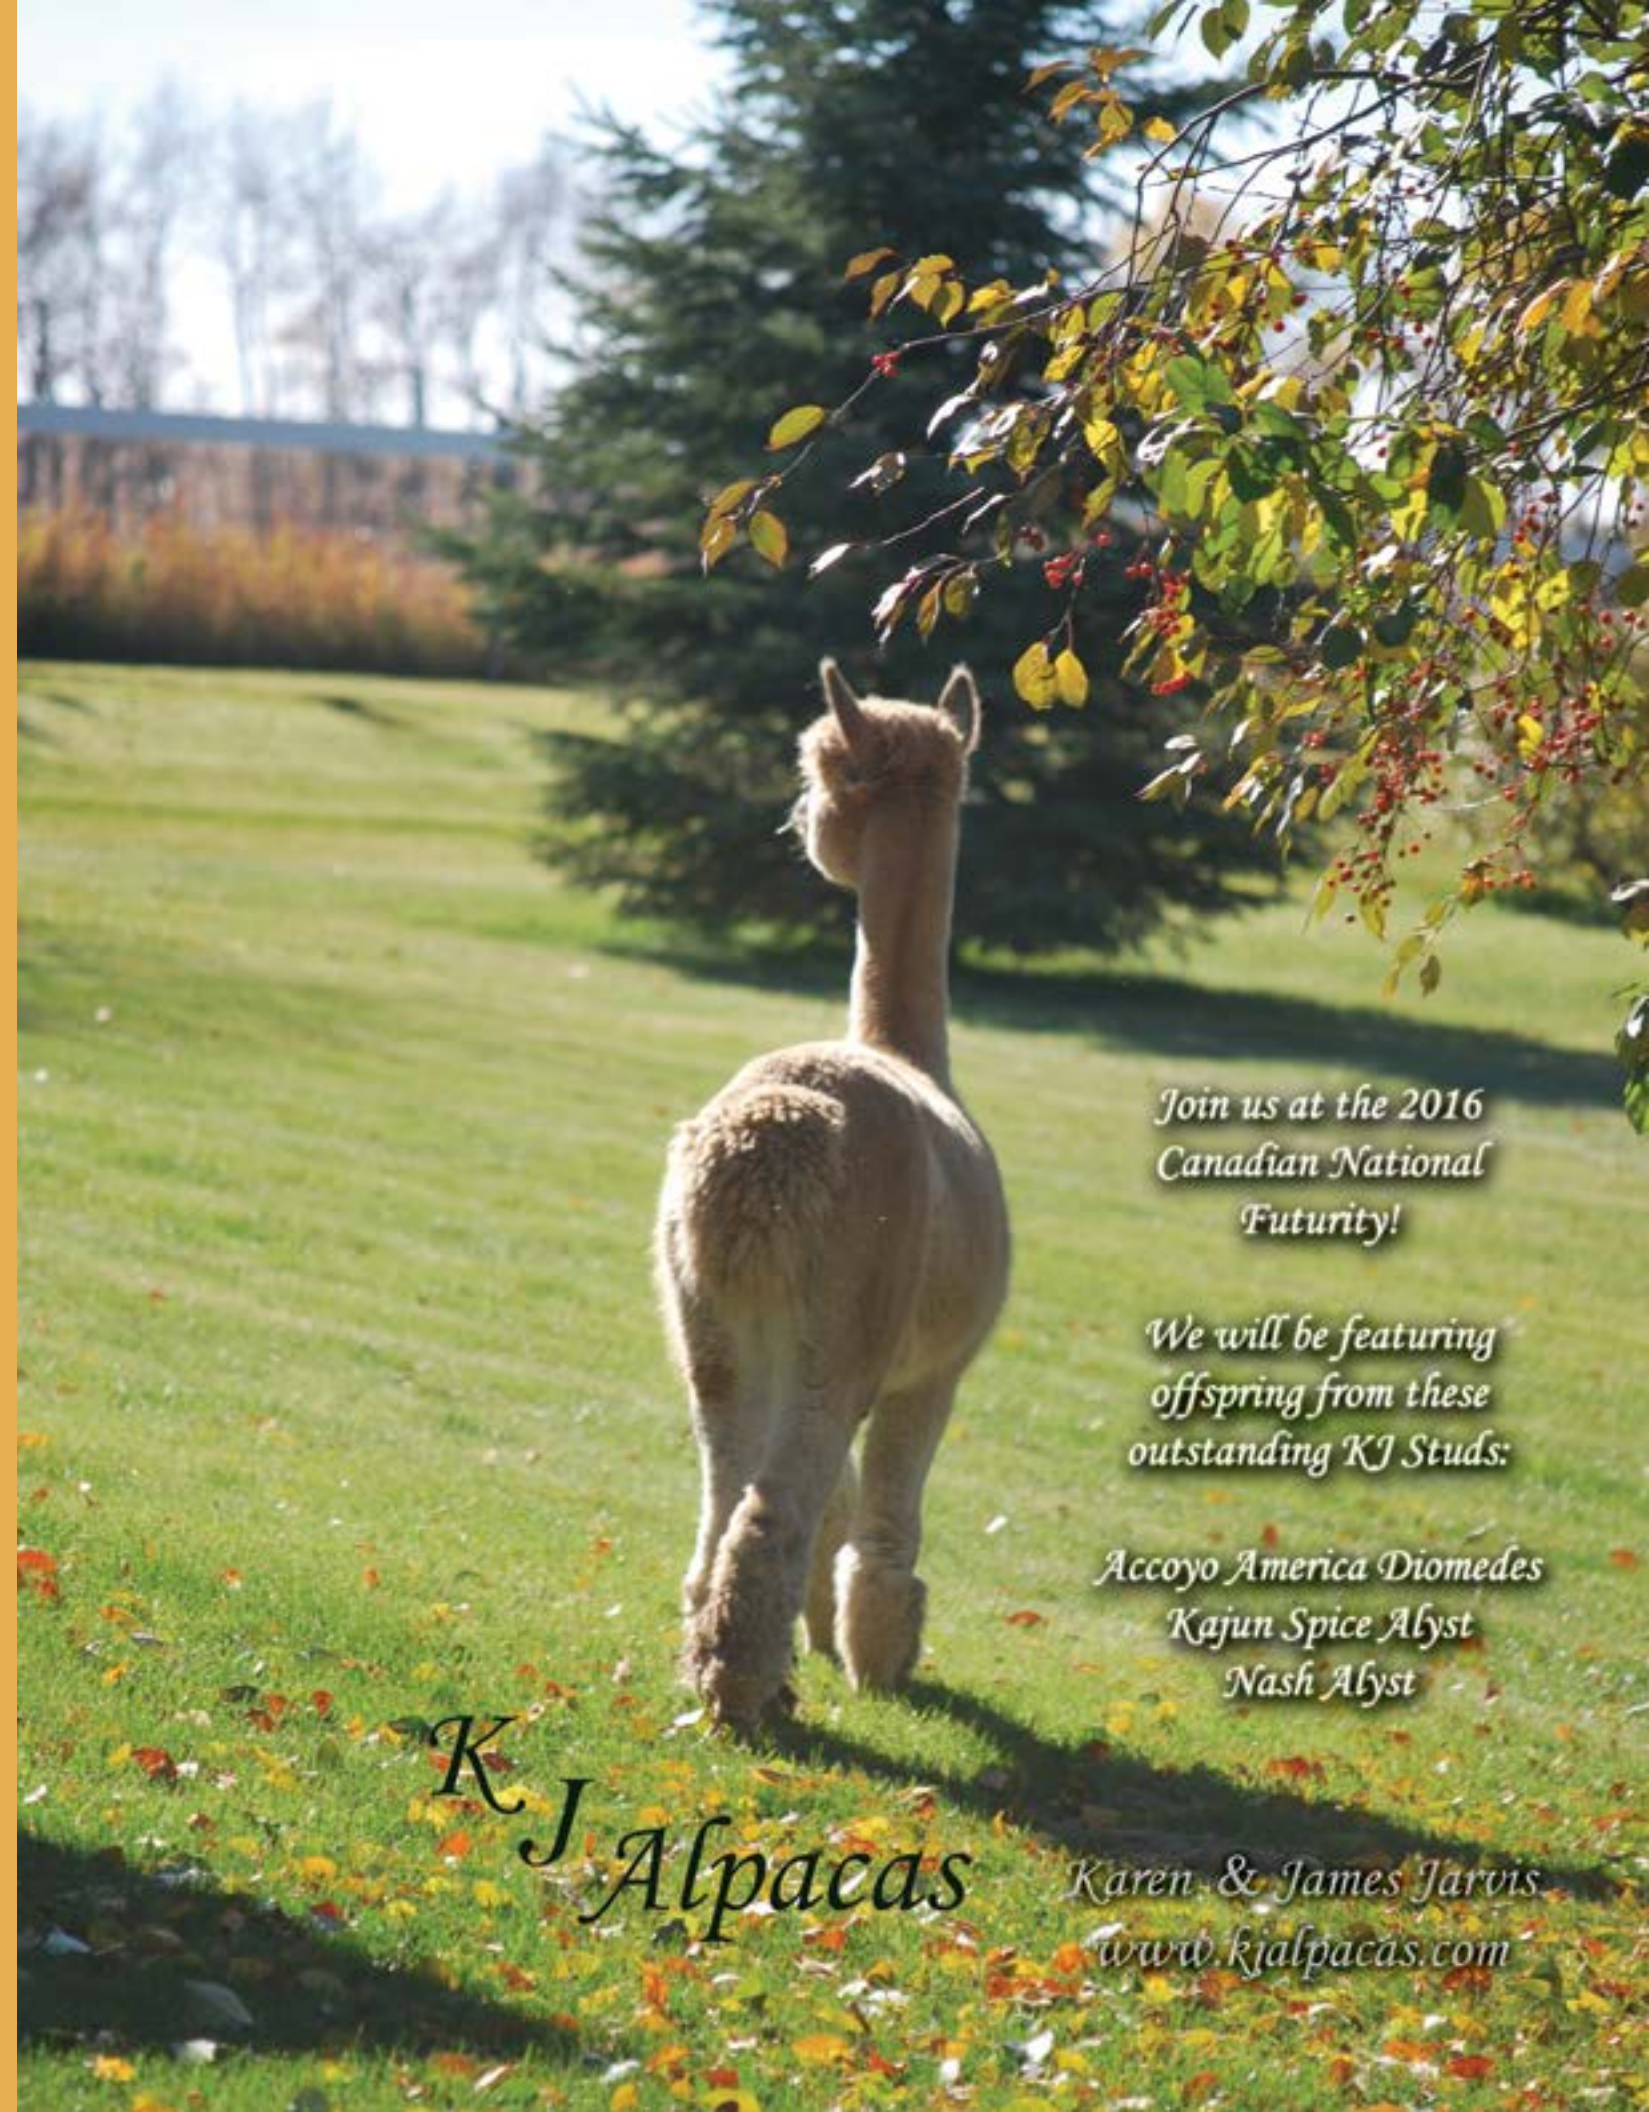

Her black sire, R&R SPIDERMAN, was still holding a micron of 24.9 at 10 yrs of age. ROMANCE'S dam, RFA FALINE, has also maintained a very impressive fleece with her 5 yr micron 23.9 AFD 3.7 SD and 15.6 CV. We are consistently seeing both Spiderman and Faline's offspring exhibiting density and fineness and maintaining that fineness as they age and we expect Romance to be no different.

To go along with her exciting color possibilities, she is able to bring a very exclusive pedigree both top and bottom as SPIDERMAN'S bloodlines are very limited and he is no longer available and on her dam's side are ALPAMAYO and IVANO. Here is an opportunity to bring something new to your breeding program!

ARRIBA JULIANNA

OWNER FARM CONTACT | Arriba Linea Alpacas ▶ www.arribalineas.com
lori@arribalineas.com | 905.862.0222

It wasn't an easy decision to offer this girl in the sale, but we said we would only submit our very best.

JULIANNA is a beautiful true to type solid black female. Very stylish. Great substance of bone and coverage from head to toe. Her fleece is extremely fine with excellent hand. Something we all strive for in dark fleeces.

If her striking good looks and fabulous fleece are not enough, you should know this is also a very unique combination of bloodlines. Julianna is unrelated to most of the top black males in the country. Just imagine the possibilities!

Her sire is our 3x Champion Black Male, Oreo Ben. We now have 2 years of cria from him and he is proving to be one of our best producers.

Her dam is a Champion Cortez Daughter who is still maintaining a 17 micron fleece at 3 years of age! Julianna is her first cria. Wow, what a way to start her breeding career.

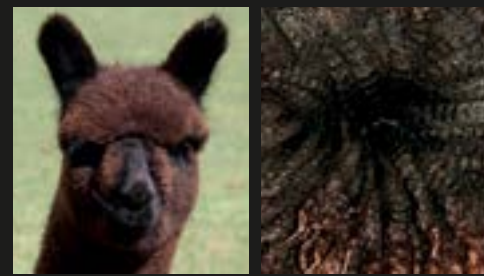

Arriba Cortez has produced award winning progeny in every colour. He is the sire of 3x Light Champion Arriba Callahan and of our grey male Arriba Adonis. Adonis also has 3 Championship Titles so far. One being Grey Champion Fleece at the 2015 AOA Nationals against some of the best greys in North America.

Fibre, Phenotype and Genetics. Julianna is The Complete Package!

TOCINO'S BELGIAN QUEEN

OWNER FARM | Tocino Alpacas
CONTACT | info@tocinoalpacas.com | 250.804.2611

QUEEN is simply stunning!...the pick of our 2014 cria.

Queen has solid conformation, an amazing fleece, a great pedigree, an outstanding show record, and a sweet and gentle personality.

She is a well-proportioned female with a beautiful head. At 10 months of age her AFD was a very respectable 17.8 with an MC of 51. Queen's fibre is very fine and dense, with a uniform, defined crimp structure and good staple length.

Queen participated in two halter shows and was awarded 1st place in both the 2015 CNASF, Red Deer as a juvenile medium female (class of 11) judged by Kristin

Buhrmann, as well as the 2015 Western Canada Alpaca Championship, Salmon Arm judged by Diana Timmerman.

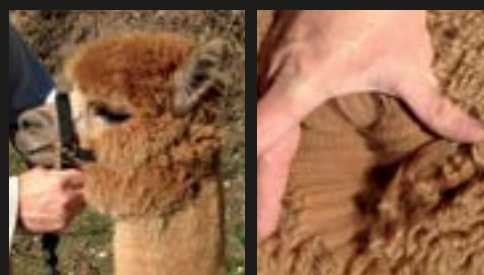

Queen was bred to Maurice Brew and has been confirmed pregnant for a summer 2016 cria. Maurice is spectacular. He is a fine male with an outstanding show record and throws cria with extremely crimped fleece. The resulting cria from this breeding should be awesome!

Here is an opportunity to purchase an exceptional young fawn female, bred to a superior fawn stud.

DLH GENESSA

FAWN | MAIDEN **F** **LOT # 25**

OWNER FARM | Country Vista Alpacas
CONTACT | hilder5@sasktel.net | 306.725.4337

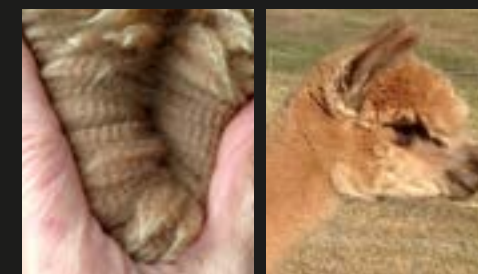

DLH GENESSA comes with a full package value. Judge Ken Hibbits at the Lloydminster Alpaca Showcase 2015 described her as a very attractive alpaca that carries herself well on a strong frame. He said her fleece displayed good density and great definition of character throughout but it was her fineness that propelled her to the top of her class. She came home with a Reserve Champion title, rubbing shoulders at this show with some of the best in the country.

Genessa's dam, Sage Bar, a multiple award winner, consistently delivers Champions, and her sire DLH Yeagermiester has his

share of Championships, both for himself and his offspring. Genessa offers a power packed pedigree loaded with ribbons to validate it!! Both her sire and dam are very sure and consistent producers.

Genessa is currently open, but can be bred to one of our outstanding studs, Kung Fu, or Prophet if the buyer chooses that option. What else can we say about this awesome young female? You can bid on her with confidence.

ARRIBA ENRIQUE

OWNER FARM | Arriba Linea Alpacas ▶ www.arribalineas.com
CONTACT | lori@arribalineas.com | 905.862.0222

We knew from the day that he was born, that **ENRIQUE** was going to be special. His very first showing he won Reserve Champion at the 2015 CNASF against extremely tough competition! In that same show year, he went on to win Champion at Rockton Halter Show, Champion at the Navan Fleece Show and Reserve Champion at the Alpaca Ontario Fleece Show.

If you are looking to add density to your herd, this is your male. His first shearing at only 10.5 months of age, he sheared over 10lbs.

An exceptional combination of genetics here.

His sire Antero is our top white producer. During his show career he won many awards including Champion White Male at the largest show in Canada and Best Crimp at the Western New York Fleece Show.

Enrique's grand dam is Anntoinette. A 4x Dam's Progeny Winner, ranked in the Top 1% of EPD's and she has been the basis of our award winning breeding program for many years

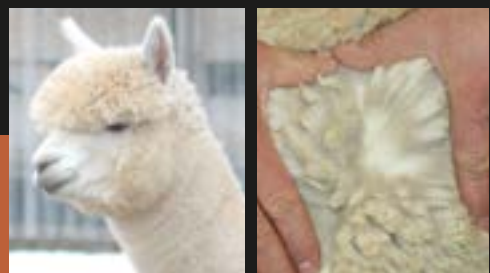

On the other side of we have Ember, who is a 2x Supreme Champion, ranked in the Top 1% of EPD's and proving to be a top producer. All 3 of her crias so far have been Champions. In her lineage you find Cperuvian Ultima, Viracocha and Coyo Destini.

Take your white breeding program to the next level with Enrique!
