Name of Sire	Aspn Invinciby Indigo
Name of Dam	Amber Autumn Sanoma

Description Justin is a fine representation of both of his parents. Indigo is well known now as many of his offspring have done well in the Canadian Shows. He has been an impact sire for me improving almost every girl I have bred him to. He has brought fineness and especially density and improved my coloured girls immensely. He has produced every colour from white to maroon. He was a champion in the US before he came to Canada.

Sanoma was reserve champion and has produced well for me, her first offspring was Sweet Sunshine who was a multi colour champion as well as supreme. Justin is her offspring from Indigo.

Justin, like Sunshine, has excellent fleece characteristics with crimp well into the belly and neck. He has good fineness and density. He has the potential to be an impact sire like his father. He also has the perfect conformation that is required from a breeding male. He was first at the Albert Show under Arturo Penno who appreciated his excellent conformation as well as fleece and second at the CNASF.
