### Description

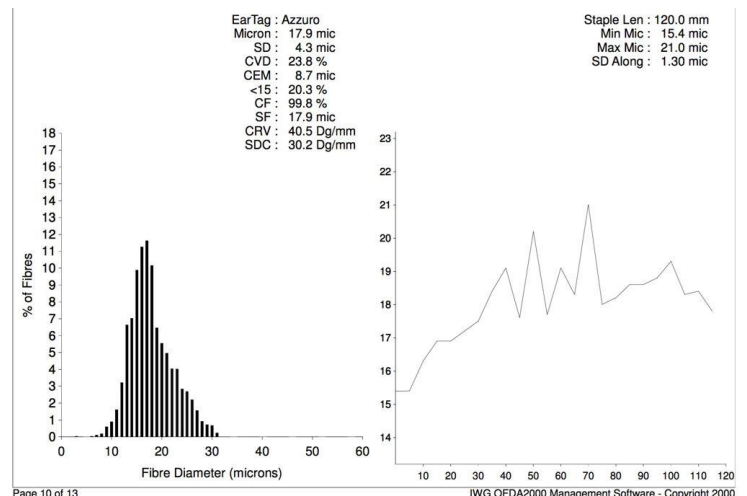

This is the one!! Sunnyhill's Conopa's Azzuro is a combination of two of our best, sired by Snowmass Conopa who has produced several champions both in Canada and the US. Her dam, Saints Alpaca Aaricia is the daughter of two champions HVPA Accoyo Accoyo Carson and NGA Sitania.

Azzuro is a sweet young girl, her fleece is dense, fine and consistent, with good brightness.

This line has excellent mothering skills, I really believe Azzuro will be no exception.

If I could add to this girl it would be to her size of frame, and for that reason she comes with a breeding to Accoyo America Kung Pao. Along with a solid frame Kung Pao has 5 EPD traits in the top 1%, he is #1 out of 22,959 alpacas for AFD and 2 of 22959 for Spin Fineness.

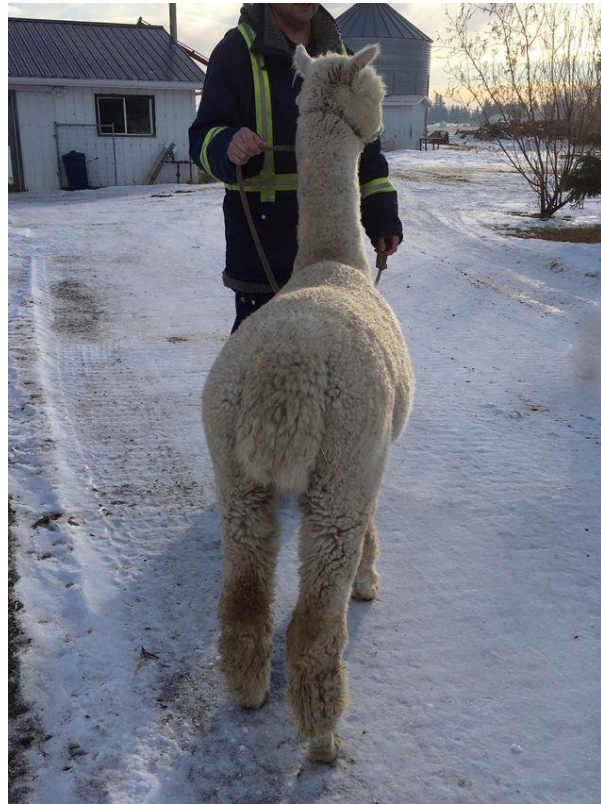

Want to win the lottery and take your herd to another level, make sure to enter your name in Azzuro's lottery box
